Dear Member,

To ensure that we have the correct information regarding your club/society on our data base could you please complete the following details.

If your club/society has its own website, this can also be displayed via a link from the Federation's website, enabling a far wider audience to see your activities and events that you may wish to advertise - all publicity is good publicity! It would also be beneficial if you could provide a link from your own website to The Federation website.

PLEASE PRINT ALL INFORMATION CLEARLY, THANK YOU
